

“It is simply this: do not
tire, never lose interest,
never grow indifferent—lose
your invaluable curiosity
and you let yourself die.
It's as simple as that.”

Legacy of MOOMINS

ISSUE #1

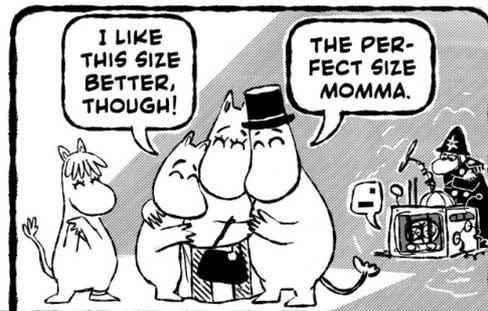

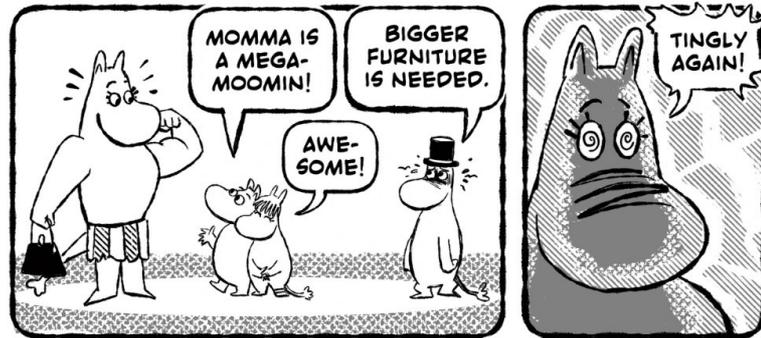

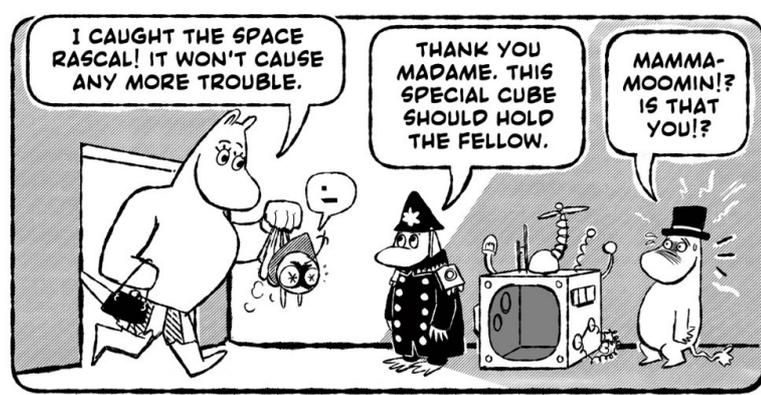

Welcome!

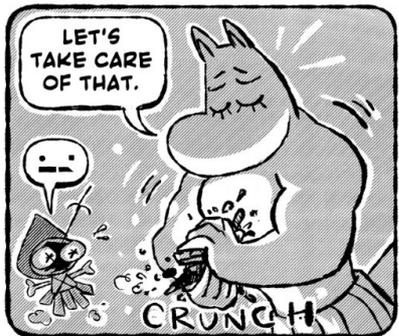

The world recently entered the year 2024. Which means it has been 79 years since Moomins were born. Time flies faster than we imagined!

In 1945, Tove Jansson made a children's book called "The Little Trolls and the Great Flood" (Småtrollen och den stora översvämningen), which was inspired by the little trolls she named "Snork" at the time. What she didn't know at the time was that this would be the start of the journey of the Moomin family and their great adventures.

Moomins has been undoubtedly become an unforgettable part of children literature, continuing to amaze and capture the hearts of both children and adults even till this day. That's why we decided to celebrate the legacy of Moomins with this fanzine! This fanzine includes many fanarts, fanfics, essays and many more works by talented artists and writers from the fandom.

Now let's take a look at the fanworks made by passionate fans to celebrate the legacy of Moomins without wasting any time!
